

POL LV Battery 5.0/10.0/15.0kWh

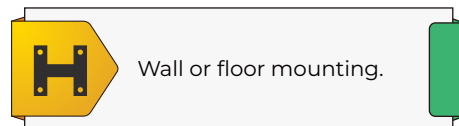

Long life LiFePO₄ cell.

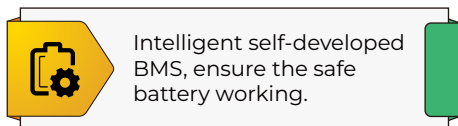

Max. parallel 5 pcs,
25.6/51.2/71.83kWh
capacity support.

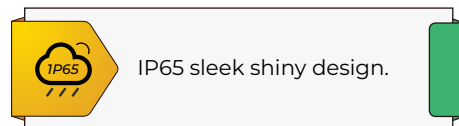

6000+ cycles support.

Wall or floor mounting.

Intelligent self-developed
BMS, ensure the safe
battery working.

IP65 sleek shiny design.

Model	POL-BAT-5.0-W	POL-BAT-10.0-W	POL-BAT-15.0-W
Battery Moudles			
Cell Type	LFP		
Battery Energy	5.12kWh	10.24kWh	14.336kWh
Cell Capacity	100Ah	200Ah	280Ah
Nominal Voltage	51.2V		
Battery Module Voltage Range	44.8-57.6V (Cell 2.8-3.6V)		
Nominal Current	100A	150A	160A
Maximum Continuous Charging And Discharging Current	100A/100A	160A/160A	160/160A
Peak Current	125A/3s	180A/3s	200A/3s
Cycle Life ¹	6000		
DOD(Depth Of Discharge)	93%		
General Data			
Dimensions(WxHxD)	520x310x224(mm)	520x585x224(mm)	480x670x230(mm)
Weight	44±2kg	81±2kg	115±2kg
Charging Temperature	-0 ~ 55 °C		
Discharging Temperature	-10 ~ 55 °C		
Storage Temperature	46 °C ~ 55 °C @ 7day SOC ≥ 30% 36 °C ~ 45 °C @ 6months SOC ≥ 30% -20 °C ~ 35 °C @ 1year SOC ≥ 50% (Perform Maintenance Every 6 Months)		
Parallel Quantity	5		
BMS Communication	CAN/RS485		
Installation	Wall mounted / Ground mounted		
Ingress Protection	IP65(battery & Electricity)		
PACK Certification	CE, UN38.3, MSDS, IEC 62619		
Warranty	5 Year		

Remarks¹: Test Condition At 25 °C ± 2 °C, 0.5C/0.5C, 90%DOD
